

Naval Station Everett

Environmental Management System (EMS)

Naval Station Everett implements an Environmental Management System (EMS) to control environmental risk. Federal policy requires all personnel, visitors, and contractors working for or on behalf of Naval Station Everett to be aware of the installation's EMS. Naval Station Everett relies on its civilian and military personnel, visitors, and contractors to follow environmental procedures and requirements in order to meet objectives, address environmental issues and continually improve environmental performance.

An **Environmental Policy** has been signed at the Region and Installation levels:

COMMANDER, NAVY REGION NORTHWEST ENVIRONMENTAL POLICY

"We are proud of our environmental stewardship and are committed to operating in an environmentally responsible manner where national defense and environmental protection are, and must be, compatible goals.

Our vision is to be recognized as an environmentally friendly neighbor, actively engaged in community outreach, resource conservation and pollution prevention while effectively executing the Navy mission. Our policies include integrated support from tenant commands to the installation Commanding Officers to instill a culture of environmental stewardship and continual improvement.

The Chain of Command will support the attainment of environmental objectives and targets and ensure that personnel consider environmental impacts when executing their mission."

We are committed to Continual Improvement, Awareness, Resource Conservation, Environmental Compliance

Remember to "CARE" about the environment

To help implement Everett's EMS and **manage environmental risk**, please take time to:

- Know your workplace environment
- Be aware of the environmental effects of your work
- Know the legal requirements related to your work
- Use operational controls
- Know the requirements for maintaining records
- Take required environmental training
- Know who to communicate with about environmental issues
- Be aware of what to do in an emergency

Naval Station Everett has established **Environmental Objectives:**

Recycle at least 50% of solid waste

Reduce the consumption of energy and water

Here are some ways you can help:

- Turn off lights and equipment when not in use
- Use natural lighting and task lighting
- Use recycle containers for personal recyclables
- Report leaks; water, air, steam etc: Public Works Helpdesk (425) 304-4357 (HELP)
- Turn off computers when not in use

Emergency: 911; cell phone: (425) 304-3333 Fire Dept: (425) 304-3085 Environmental: (425) 304-3470
